The Internet EAP and SAP Directory  
[WWW.EAP-SAP.COM](http://WWW.EAP-SAP.COM)

## The 'Premier' EAP & SAP Internet Directory

Do you want more contacts from companies seeking your services, and/or more visits to your company's website?

Every day, many companies use this directory to locate EAP Providers, Consultants, and Substance Abuse Professionals. This is our 13th year of maintaining this one-of-a-kind EAP and SAP Directory on the Internet. Currently, 290 health and employer related websites link to our directory.

These Internet directories, with more than 470 listings, received over 295,000 visits last year from those seeking the services that your company offers. Also, many providers and consultants use the directory as a source for contacts and referrals. The directory is also very easy to find and popular on search sites such as Google and Yahoo.

The fee to have you or your company listed in either Internet Directory is only \$45 per year. If your company provides both EAP and SAP services, the \$45 fee will gain you a listing in both Internet Directories. Additionally, if your company has a website, a user of the EAP and/or SAP Directory will be able to click on your name in the directory and go directly to your website.

**To have your company listed on the EAP and/or SAP Internet Directory, simply fill out this form and mail it, along with your check, to DataLink (address at top).**
